

Operation Guide 5611

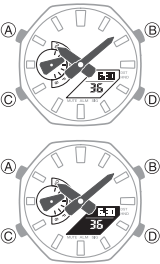

ENGLISH

Congratulations upon your selection of this CASIO watch.

To ensure that this watch provides you with the years of service for which it is designed, carefully read and follow the instructions in this manual, especially the information under "Operating Precautions" and "User Maintenance".

E

About This Manual

- Depending on the model of your watch, display text appears either as dark figures on a light background, or light figures on a dark background. All sample displays in this manual are shown using dark figures on a light background.
- Button operations are indicated using the letters shown in the illustration.
- Note that the product illustrations in this manual are intended for reference only, and so the actual product may appear somewhat different than depicted by an illustration.

E-1

Things to check before using the watch

- 1. Check the Home City and the daylight saving time (DST) setting.**
Use the procedure under "To configure Home City settings" (page E-16) to configure your Home City and daylight saving time settings.
- Important!**
- Proper World Time Mode data depends on correct Home City, time, and date settings in the Timekeeping Mode. Make sure you configure these settings correctly.
- 2. Set the current time.**
See "Adjusting the Digital Time and Date Settings" (page E-19).
- The watch is now ready for use.**
